BRIDGEWATER

Paint Manufacturing Company,

NEW JERSEY,

FOR WOOD, BRICK, AND IRON BUILDINGS,

Steam and Canal Boats, Railroad Cars, &c.

OR

FOR ALL KINDS OF WORK ABOVE OR UNDER WATER,

PERFECTLY SPARK AND CINDER PROOF,

ON ROOFS OF HOUSES AND DECKS OF STEAMERS, RAILROAD AND OTHER BRIDGES.

R. BOGERT, General Agent.

Depot: 125 Pearl and 78 Beaver Streets, New-York.

DESCRIPTION.

The article known as BRIDGEWATER PAINT has been sufficiently tested and approved to enable the Company confidently to place it before the public as the best paint in the market. It differs entirely from earths and red shale, which abound throughout our own and other States, being a perfect chemical compound, and therefore cannot with justice be ranked among the mineral paints of the present day; the constituent parts being as complete in their chemical combination as the finest and most costly pigment in use. All the ordinary mineral paints being mechanical mixtures, invariably leave a very considerable residuum in the use. This is not only a loss, but if any part is mixed and applied with the paint, it causes a variation in the color, and also prevents it setting or drying.

SELECTION OF CERTIFICATES.

NEW-YORK ARSENAL, 3d Oct., 1851.

Being advised by one of the first painters in the City of New-York to use the *Bridgewater Paint* in preference to any other, upon the Ordnance buildings in my charge, on Governor's Island, I did so, and found it all that it was recommended to be. The buildings, which are of brick, speak for themselves, and I cheerfully give my testimony in behalf of the virtues of the Paint, deeming it superior to any now in use, as far as I can judge from two months' observation.

G. H. TALCOTT, *Br. Lt. Col.*

NEW-ORLEANS, Nov. 29, 1851.

Having painted the hurricane deck of the passenger steamboat "Magnolia," under my command, with the *Bridgewater Paint*, I cheerfully recommend it for its impervious qualities, and have no hesitation in pronouncing it *superior*, in my judgment, to *any mineral paint* before the public, and believe it to be a *certain* protection against the effects of *sparks* and *cinders*. It has also proven entirely water-proof on my decks, after three months' use.

ST. C. THOMASSON.

The "Magnolia" is the finest boat on the Mississippi River.

HUDSON RIVER R. R. OFFICE, New-York, Jan. 16th, 1852.

This is to certify that I have used the *Bridgewater Paint* on roofs of cars, on a metal roof of Dépôt buildings, and on iron work generally, and to some extent on wood work, and have no hesitation in saying that, besides taking the price into consideration, it is the best article, for the uses I have named, with which I am acquainted. It seems to possess durability and adhesiveness, and fully meets my expectations.

OLIVER H. LEE, *late Superintendent H. R. Railroad.*

Mr. Lee is now Secretary H. R. Railroad.

I have used the *Bridgewater Paint* upon the buildings under my charge at West Point, and have found that it answered all my expectations. I have no hesitation in adding my testimony as to the good qualities of the paint, deeming it the best article I have ever used.

R. S. SMITH, *Lieut. and Qr. Master, U. S. M. A.*

WEST POINT, N. Y., Dec. 17th, 1851.

U. S. MILITARY ACADEMY, Jan. 26th, 1852.

I have used the *Bridgewater Paint* upon some of the buildings under my supervision at West Point, and I cheerfully add my testimony as to its durability and cheapness.

In future I shall recommend it to my friends, and use it myself.

B. S. ALEXANDER, *Lt. Eng's, U. S. A.*

UNDERWRITERS' CERTIFICATE

The undersigned, underwriters, having confidence in the *Bridgewater Paint*, for the covering of shingle roofs and frame buildings, will at all times give those fire risks a preference where the *Bridgewater Paint* is used.

L. MATTHEWS, Agent Sun	Mutual Ins. Co.	JNO. PEMBERTON, Pres. Merchants' Ins. Co.
THOS. A. ADAMS, Pres. Crescent	" " "	J. M. LAPEYRE, Pres. New Orleans " "
EDW'D OGDEN, Agent General	" " "	CHAS. BRIGGS, Agent L'pool & London " "
A. BROTHOR, Pres. Home	" " "	SAM'L F. ASHTON, Agent Delaware Mutual " "

NEW-YORK, Feb. 17th, 1852.

We have been using the *Bridgewater Paint* for the last four or five months, and we are perfectly satisfied that it is the best mineral paint in the market. It has great body, which, together with the low price of the article, must cause it to become in general use. We cheerfully add our own to the many strong certificates of its qualities.

WOODWARD & PEARSE,

325 Fourth st. cor. Mercer, Painters and Dealers.

NEW-YORK, Jan. 22d, 1852.

I have used, and still continue the use of, the *Bridgewater Paint*, believing it to be fully equal to any material at present known for roof painting. It appears to be most admirably adapted to all metallic roofs, for its adhesive and elastic qualities; and further, there is no residuum or settlements left, being able to use all.

R. B. FOSDICK, *Painter, No. 40 Fifth Avenue.*

ENGINEERS' OFFICE, OWEKO, March 16th, 1852.

Having to some extent used the several mineral paints which have been before the public for several years past, and finding none of them what, in my opinion, they were recommended to be, I was induced, very reluctantly, to try the *Bridgewater Paint*. I have painted several bridges upon the New-York and Erie Railroad, with this article, and have found it to be much superior to any article of the kind now in use.

D. C. MCCALLUM,

Assistant Engineer New-York and Erie Railroad.

I have been using the *Bridgewater Paint* on decks and bottoms of Steamers for several months past, and in no case has it failed to give the utmost satisfaction. As a covering for the bottom of vessels, I am satisfied there is nothing equal to it, as it becomes perfectly hard under water, and forms a metallic coat, which I have no doubt will last for a long time. I began the use of it on Commodore Vanderbilt's steamers, at his request, and to this day I am using it extensively, in preference to any other kind of paint, for ships, steamers, &c.

NEW-YORK, May 8th, 1852.

JOHN A. BOUTELLE, *Steamship and House Painter, and Dealer, 129 Avenue D.*

We have now used the *Bridgewater Paint* for nearly a year past, and cheerfully add our testimony in regard to its merits. We find it particularly adapted to covering roofs, &c. possessing, as it does, great body, drying readily, and covering a large surface, as compared with other paints. We give this, in addition to a former certificate, our experience confirming our confidence, and we recommend it to all who require a good paint.

April 17th, 1852.

FARRINGTON & CLARK, *Painters and Dealers, 210 Eighth Avenue.*

[From Appleton's *Mechanics' Magazine and Engineers' Journal*, May 1st, 1852.]

BRIDGEWATER PAINT.—It comes within our province to call the attention of our friends to this valuable paint, which has been severely tested, both here and at the South, for the last year. The certificates of the merits of the article are of the strongest character, and must give the most decided confidence, as they are from parties who are generally known, and who would not subscribe to facts which had not come under their own observation. We ourselves believe it to be the best article in the market for any kind of outside work, either on wood, brick, iron, or tin, and particularly adapted to the decks of vessels. The Erie, Hudson River, and other railroads, have used it, and are using it, on bridges, depot buildings, cars, &c., as from its spark and cinder proof qualities, it forms a perfect protection. The depot of the company is at 125 Pearl street and 78 Beaver street, New-York.

BROOKLYN, January 20th, 1853.

The undersigned, dealer in paints, &c., in the city of Brooklyn, having sold the *Bridgewater Paint* for the last two years, can testify to its having given perfect satisfaction to all who have used it during that time; my sales of the article have been steadily increasing in amount, and from the testimony of my customers and own observation, I have no hesitation in expressing my belief, that it is one of the best paints ever introduced to the public.

CHARLES H. LITTLE, 145 Atlantic street, Brooklyn.

The undersigned having used the *Bridgewater Paint*, a sufficient length of time to test its virtues, without hesitation pronounce it the best article as yet known for covering brick, wood, tin, iron, &c. It is remarkable for its great body, durability, adhesiveness, elasticity, and also for its spark and cinder proof qualities, and as long as it gives us the same satisfaction as heretofore, we will continue to use it and recommend it as a most superior paint.

Certificate of Capt. Wm. Cutts, of Ship Charles Cooper.

I feel compelled, after having the *Bridgewater Mineral Paint* on the decks of my ship over nine months, to say, that it has proved infinitely superior to any paint I have ever known. I gave a certificate in March last, after one month's use, and my convictions then have been more than confirmed, and I have now no hesitation in saying that the *Bridgewater Paint* cannot be equalled for ships' purposes; and shipmasters may rely upon its not corroding by the action of salt water, nor blistering or warping by exposure to the sun.

Master of Ship Charles Cooper

FAIRBANKS' PATENT PLATFORM SCALES,

AT REDUCED PRICES,

Adapted to every required operation of weighing, as

RAILROAD SCALES FOR TRAINS OR SINGLE CARS,

In use on nearly all the principal Railroads in the United States and Great Britain.

WAREHOUSE SCALES,

(Dormant and Portable);

HEAVY PORTABLE SCALES,

On Wheels, for Foundries, Rolling Mills, Iron Houses, &c., &c.

STORE SCALES,

Various Modifications.

COUNTER SCALES, &c.

HAY AND COAL SCALES,

Made entirely of Iron and Steel.

These Scales have been long known and severely tested; and the universal confidence felt in their accuracy and perfect adjustment is such, that they are now regarded as

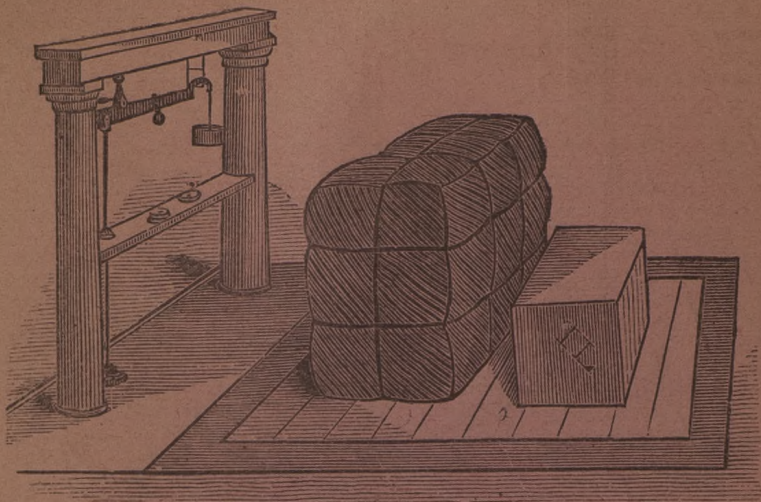

THE STANDARD,

from which there is no appeal.
